

Raccortubi Group

Raccortubi Group manufactures, stocks and supplies piping materials destined for **critical applications** such as chemical and petrochemical plants, power plants, shipyards, fertilizer plants and offshore platforms.

As a manufacturer, thanks to the extensive expertise of the two integrated plants Tecninox and Petrol Raccord, Raccortubi can offer a complete range of **butt weld fittings from ½" to 56"**, almost without any wall thickness limitations.

As a stockholder, it provides pipes, tubes, fittings and flanges in **austenitic stainless steel, duplex, super duplex, 6mo, nickel alloys, and titanium** from stocks in **Italy, Brazil, Dubai, Singapore and Scotland**.

Synergy

What makes Raccortubi Group stand out is its efficient **combination of stockholding and manufacturing activities**, which offers customers added value:

- **integrated production** of butt weld fittings up to 56"
- more than **6,000 items** available from stock
- **extensive testing** carried out in-house and/or by ISO 17025 approved laboratories
- **global distribution network**
- **flexible solutions** for complex projects, complete packages & single items

Huge stock quantities of pipes are delivered both to **customers** as well as, on a just-in-time basis, to the **Group's internal production facilities as raw material**. This, together with the complete control over production, guarantees high quality, cost-effective, flexible solutions to short timescales.

Group mills

Adaptive planning and flexibility mean that any extraordinary order can be

inserted into production on demand, whilst simultaneously providing **consistent replenishment to Raccortubi stocks**.

Tecninox

- cold-formed butt weld fittings from ½" to 16"

Petrol Raccord

- hot-formed butt weld fittings up to 56"
- **special/customised products** to customers' drawings

Petrol Raccord regularly manufactures welded elbows in two halves, sch. 10s and above, from sheets and plates in stainless steel up to nickel alloys and titanium.

The extensive availability of raw material in sheets and plates in duplex, super duplex and 6mo up to 50mm, and in titanium up to 15mm, allows Petrol Raccord to fulfil **deliveries in 4-6 weeks thanks to a dedicated production line called Fast Track**.

Besides Oil & Gas industry, Petrol Raccord also supplies **carbon and alloy steel butt weld fittings for power plants (P5, P9, P11, P22, P91 and P92)**, together with holding ASME-III approval for **supplying Class 1 material destined for nuclear applications**.

Group stocks

Raccortubi S.p.A. (Italy)
Raccortubi do Brasil (São Paulo)

Raccortubi Middle East (Dubai)
Raccortubi Norsk (Aberdeen - Scotland)
Raccortubi Singapore (Singapore)

All Raccortubi subsidiaries are supported by the Group headquarters and integrated production mills in Italy in the composition of package orders. With additional stock material and on-demand manufacturing at their disposal, they can ensure that requests are fulfilled quickly and cost-effectively.

Quality certifications

- **ISO 9001:2015, PED, OHSAS 18001:2007, AD 2000 Merkblatt WO, Din En ISO 3834-2, ASME III NCA-3800** for nuclear applications
- End-user approvals such as **NORSOK, BP and TOTAL**

An online software allows that certificates of any ordered product can be readily available for customers who are in the conditions of reviewing them even before the materials are shipped.

Additional services

- colour coding, cutting, extra testing, special packaging & marking
